AGRICULTURE AND FOREST SECRETARIAT

NOTIFICATION.

Bangalore, dated 25th June 1938.

S. O. 1422.—In exercise of the powers conferred by Section 4 of the Madras Forest Act, 1882 (Madras Act V of 1882), as in force in the Madras Area, the Government of Mysore hereby—

(i) declares that it is proposed to constitute the lands in the Karkal Taluk of South Kanara District, the situation and limits of which are specified in the Schedule hereto annexed, as reserved forest;

(ii) appoints the Forest Settlement Officer, Mangalore to be the Forest Settlement Officer, for purposes of clause (*c*) of the said Section; and

(iii) appoints the Divisional Forest Officer, Coondapur to attend on behalf of the Government at the inquiry conducted by the said Forest Settlement Officer.

Under Section 14 of the said Act, the Government of Mysore hereby appoints the Deputy Commissioner of South Kanara District to hear appeals on any orders passed by the Forest Settlement Officer under Sections 11, 12 and 13 of the said Act.

SCHEDULE

Name of the District	...	South Kanara
Name of the Taluk	...	Karkal
Name of the Village	...	Padukudur in S. No. 50. Yellare in S. No. 55. Shivapura in S. No. 176.
Name of the Block	...	Muniyal.
Area	...	194 acres.

This area which may be called as Muniyal Block, falls in three villages namely Padukudur, Yellare and Shivapura. They have their village boundaries demarcated both in field and sketch. The area is about 2¼ miles from Muniyal proper. There is a village road leading from Muniyal to Perdoor which runs almost in the middle of this block.

description of Boundary

Starting from Station No. 66

North.—Station from starting No. 66 of the plantation, the line runs due East to a distance of 419 links and meets station No. 67, and the village boundary line of Shivapura village. The bearing and distance from station to station is furnished below :—

Station Numbers From	To	Bearings in degrees in F. B.	Distances in links
66	67	85 87·5	419

East.—From station No. 67, the line runs due South almost in line with the village boundary line to a distance of 1850 links to station No. 70 and then turns to south-east to a distance of 1263 links to station No. 73. Between station No. 70 and 71 the village boundary line crosses the travers line and runs through the plantation. From station No. 73, the line runs due South-East to a distance of 5181 links to station No. 88 where from it runs due South East and crosses the village road leading from Múniyal to perdoor and finally joins station No. 1 at a distance of 622 links. Near station No. 83 there is a small enclosure falling inside the plantation, which has been demarcated and excluded. From station No. 1, where also the village boundary line meets the traverse line, the boundary line further takes South-Eastern course to a distance of 788 links to station No. 3, where from it runs due South a distance of 700 links and meets station No. 5. From this station, the line charges its direction and takes westerly course to a distance of 1493 links to station No. 10 where from it turns to South-West and runs a distance of 417 links upto station No. 11 and then again it goes due South-East to a distence of 2322 links and meets station No. 17.

The bearings and distance from station to station are furnished below.

3404 Sr. No. 1 - A pg 6

Enclosures : Description of Boundary line

A village road which is recently taken over by P.W.D. for Development starts from near about Muniyal town crosses the boundary line between station No. 1 and 88 runs through the middle of the plantation for about a mile and leaves the same between station No. 58 and 59. Besides there are village boundary lines well demarcated between each village of Yellare, Padukudur and Shivapur. The entire area is a mixture of gravel and boulder with patches of the growth scattered all over. Particular mention is to be made of a natural growth of Hopes along the boundary line falling inside the plantation and care has been taken not to clear these trees but to maintain the natural stand and raise cashew under these trees. There is an enclosure close to station No. 83 which has been demarcated and excluded. Apart from this there are no other specific points to be made mention of in this area. On the whole he entire area is suitable for cashew plantation.

Enclosure No. 2.

By taking a tie line from station 44 of the block to station No. 1 of the enclosure to a distance of 805 links. From station No. 1 to 3 the enclosure line runs towards North-West to a distance of 1060 links. From there it runs towards North from station No. 3 to 5 to a distance of 1080 links. Again the enclosure line runs due South from station No. 5 to 1 to a distance of 2040 links and closes the traverse.
